

GET READY TO BUILD!!!

Lego sculptures can be of anything! In the past we have seen vehicles, buildings, animals, robots, everyday objects and scenes from books, all made out of Lego.

Your sculpture should be original. Don't use any instructions from Lego kits or instructions that you find on the internet.

You can use any type of block that is made by LEGO (or other brand names, like Mega Blocks). This includes hinges, movable parts, bendable parts, Duplo, Minifigs, and character sets (such as Batman, Ninjago, Star Wars, Friends, Ideas, City, or Creator).

Library staff will be choosing grand prizes based on creativity, effort, ingenuity, originality, and "adorability".

Contestants are urged to stretch their imagination and be as creative as possible! But, most importantly: HAVE FUN!!!!
